

I am running for Mayor because I deeply care about Centerville, its people, and have a genuine desire to promote the general well-being of its citizens.

I am superbly qualified, have served 8 years on the City Council, retired from military service, have decades of leadership and management experience, and am well educated. I have no agenda. I do not owe anyone political favors. I do not have aspirations to pursue higher political office. My only legacy will be knowing that I have contributed to the well-being of our community – making it a better place to raise families and live as individuals. If I can ease the burden on our citizens, then I will have succeeded – and I believe I can do this!

The Philosophical Center of My Life:

I am a disciple of Jesus Christ. I have a strong, personal testimony of Jesus Christ. I love Him and all that He stands for! And, I am committed to living a Christlike life. It is that kind of life that best informs how I choose to live and interact with others. It will inform how I serve as Mayor.
